## 3. PROFILE OF SKILLS AND COMPETENCIES

The objective of an EOD2 deminer is to assist in determining the level of safety of ordnance found, and the safe transportation of single and multiple hazardous items.

An EOD2 deminer's goal is to assist higher level deminers with improvised bombs, UXO and detonations on land or inland waterways. He or she generally works under the direct supervision of higher level deminers, but can function independently with easier tasks. An EOD2 deminer works within a team and his/her job requires interaction with colleagues, officials and the public.

The EOD Center's job training in the organization and preparation of training topics is based on internationally recognized EOD training principles and safety regulations.
